

Mental Health NGO Commissioning Strategic Investment Plan consultation questions

These consultation questions have been compiled as a guide to support feedback into some of the findings and discussion in the Strategic Investment Plan (SIP).

ACT Health is interested in receiving your responses to any, or all of, these questions. However, we are also interested in any other feedback on the SIP you may have outside of these questions.

Please send completed responses to these questions or any other feedback to:

1. Do you agree with the conceptualisation of the NGO service system as comprising five key Pillars (Prevention and Promotion, Early Intervention, Community Connection and Supports, Community Residential Supports, and System Supports)? Why? (See pages 21-24)
2. Do you support the program and service level outcomes indicated for each service pillar? What other outcomes should be considered? (See pages 24-26)
3. Do you support the special consideration given to children and young people and Aboriginal and Torres Strait Islander peoples in the commissioning process? Why? (See pages 13-17)
4. Two options are proposed for the grant process in the draft Strategic Investment Plan:
Option 1: Five funding streams, split across three different grant tranches.
Option 2: Combining Stream 1 and 2 into an “Across the Life Cycle” funding stream resulting in four funding streams split across two grant tranches. Which option do you prefer? Why? (see Pages 37-39)
5. Is there anything you think is missing from the draft Strategic Investment Plan?
6. Do you have any other feedback on the draft Strategic Investment Plan?
